**GETI Certifies the TechTrex PrimeTrex IP POS Terminal for
Check 21+ Remote Deposit Capture, Gift Cards and Loyalty Cards.**

March 30, 2010 – Destin, Fla. [Global eTelecom, Inc. \(GETI\)](#) announced today the Class A certification of the [PrimeTrex IP](#) POS terminal from [TechTrex Inc. \(TTI\)](#) for Check 21+ remote deposit capture and gift/loyalty card services. TTI's affordable PrimeTrex IP sports a 32-bit ARM9 processor for amazing dial and IP processing capacity. Its 64 MB of memory provides ample space for multiple merchants and multiple applications.

“Our [Check 21+](#) solution allows businesses to process check payments by imaging the check and electronically depositing it in the bank with the option of [guaranteed funding](#)” said Chris Brundage, COO for GETI. “GETI’s [Gift and Loyalty Card](#) programs offer a sustainable marketing vehicle, drive repeat business, and create additional revenue streams. With this certification, the PrimeTrex IP will appeal to a very large segment of merchants.”

“The importance of capturing additional revenue for ISOs and their merchants continues to escalate,” said Dave Ninesling, Sr. VP of Sales for TechTrex USA. “Declining bankcard margins give way to profit centers from products like GETI's Check 21 and Gift/Loyalty programs. We are pleased to continue our relationship with GETI as they provide excellent products and services.”

###
